

Rebates For You!

HIGH-EFFICIENCY Commercial Water Heater Rebate Program

Now is the perfect time to make smarter choices for your business and the environment. If you are an Arizona commercial natural gas customer, you may be eligible to apply for a rebate and save when you replace your old inefficient commercial water heater with a NEW, high-efficiency model.

Natural Gas Equipment	Equipment Requirements	Available Rebate
Storage Water Heater	Thermal Efficiency $\geq 90\%$, Input $\geq 125,000$ BTU/hr	50% of purchase price, up to \$1,200
Tankless Water Heater	Thermal Efficiency $\geq 80\%$, Input $\geq 200,000$ BTU/hr	50% of purchase price, up to \$300

Commercial water heaters account for approximately 11% of the total energy load for the average commercial facility. Making a smarter choice for your facility now will result in energy savings tomorrow.

Application Dates

Rebates are available for purchases made August 15, 2010 through November 30, 2011, or until program funds are depleted, whichever comes first. Applications will be processed on a first-come, first-served basis and must be postmarked by December 15, 2011.

Required Documents

Along with the completed, signed rebate application showing your Southwest Gas account number, submit a copy of your invoice showing where the equipment was purchased, the purchase price, the date of purchase and model numbers.

Program Eligibility & Limitations

- Equipment must be installed prior to the payment of any rebate.
- Southwest Gas reserves the right to verify both the efficiency and installation of equipment before rebates are issued.
- All qualifying water heaters must be natural gas and must be installed at the business address location of an Arizona commercial customer receiving natural gas service from Southwest Gas.
- Rebates are limited to new equipment only; leased, used or rebuilt equipment is not eligible.
- Any individual rebate amount cannot exceed the purchase price of the new equipment.
- Rebates are limited to a maximum of two water heaters per commercial customer per calendar year.
- Offer is not valid in conjunction with any other utility rebates for the same end-use product.

To determine equipment eligibility prior to purchase, and to obtain a rebate application, please visit us on our rebate Web site at www.conservarebates.com, or call 1-800-654-2765.
